WORK EXPERIENCE

Ryzn Clothing Printing Services | Graphic Artist Part Time

Nov 2024 - Present

- Consulted with clients to transform ideas and rough sketches into finalized designs for apparel, jerseys, banners, posters, and stickers.
- Designed 10–15 apparel and uniform layouts daily, maintaining quality and meeting all deadlines.
- Utilized Adobe Photoshop, Adobe Illustrator, Vector Magic, and Vectorgen to create or recreate high-resolution vector assets, including logos, banners, posters, and branding promotions.
- Restored and upscaled low-resolution client images to 300 DPI print-ready quality using Adobe Photoshop and Adobe Illustrator.
- Automated large-batch apparel and jersey layouts using photomateMULTIv11 while managing high-quality color calibrating and printer operations via MainTop and Printexp.

Virtual Wonders Web Solutions | Graphic Designer Intern

Feb 2026 - May 2026

- Designed thumbnails for YouTube/Reels and created Facebook Stories to improve viewer engagement.
- Transformed rough ideas into finalized layouts and visual identities for Live Show pages.
- Built interactive components and UI pages in Figma as assigned by the AV Team Lead.
- Drafted custom shapes and visual cues in Photoshop for branding and motion graphics elements in After Effects.
- Designed and formatted a custom e-book from scratch, including layout, typography, and visual assets.

Capstone Leader & Leading Programmer

Feb 2026 - May 2026

- Developed a hotel and boat reservation/booking system using Laravel, MySQL, and the RAD Methodology.
- Integrated a Generative AI chatbot assistant powered by Ollama AI and implemented a real-time, free-tier Weather Forecast [Openweathermap] for localized tourist information.
- Implemented secure payment testing using PayMongo, featuring automated transactions and custom-built refund logic.
- Designed a responsive Progressive Web App (PWA) using Tailwind CSS, including a dual-role accessible Dark Mode.
- Managed end-to-end deployment and hosting on Hostinger, ensuring the system remained production-ready and stable.
